**EXAMINER'S AMENDMENT**

An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to the Applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**CLAIMS**

Cancel non-elected (without traverse) claims 1-6 and 12-16.

**EXAMINER'S COMMENT**

In order to avoid abandonment of the application, the Applicant must make the corresponding amendments to the drawings to overcome the following objections to the drawings:

The drawings are objected to because they include figure "4" which is not described in the "brief description of the drawings" section in the specification.

The drawings are objected to because they do not include a figure "4B" which is mentioned in the "brief description of the drawings" section in the specification.

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they include the reference signs 36, 37, 53, 74, 134, and 146 which are not mentioned in the description.

Drawing corrections are required in reply to this action to avoid abandonment of the application.

**REASONS FOR ALLOWANCE**

The following is an Examiner's statement of reasons for allowance:

Claim 7 has been found to be allowable over the prior art because the prior art fails to teach or suggest an apparatus for monitoring physical variables of a tire and an axle comprising in combination with a tire pressure gauge and tire temperature gauge,

an axle temperature gauge mounted on the vehicle wheel wherein a signal processor and transmitter mounted on the vehicle wheel and connected to gauges as claimed broadcasts a radio signal comprehending values representing the corresponding data,

in combination with the remaining limitations as claimed.

Claims 8-11 have been found to be allowable over the prior art due to said claims' dependency on claim 7.

## **CONCLUSION**

Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Eric S. McCall whose telephone number is (571) 272-2183.
